Issue #57

Energy CU 21st Annual Golf Day (In Memory of Terry Godfrey)

On behalf of The Energy CU, we'd like to thank all the wonderful members, sponsors and affiliates who made our 21st Annual Golf Day (In memory of Terry Godfrey) the best ever! The tournament took place on August 17th, 2015 at our new venue, Deer Creek Golf & Banquet facility in Ajax Ontario. Our golfers enjoyed a delicious BBQ Lunch, 18 Holes of Golf, a scrumptious Prime Rib Dinner and the chance to win many, many door prizes. Our celebrity emcee Scott Fox from Z103.5 kept us laughing and John Bonis from the Special Supporter Golf Series also helped make our day even better.

At the Banquet, this year's recipient of the Terry Godfrey award was announced. A big congratulations goes out to John Nicolucci. John's strong support of the Credit Union, and all our initiatives, mirrored the sentiments of Terry Godfrey, who was also a great supporter of our Credit Union. Sunny skies and warm temperatures made for great golf. The tournament was a big success and many golfers took the time to let us know that they felt it was our best tournament yet! As in years past, we sold raffle tickets for a chance to win some really great prizes. Our raffle was extra popular this year and we were able to donate the net proceeds to Ronald McDonald House Toronto. In case you didn't know, Ronald McDonald House Toronto, was established in 1981 and provides a "home away from home" for seriously ill children and their families to heal better, together. Thanks to our generous raffle participants, we were able to donate \$1150 this year. To put this into perspective, we were able to help cover the costs for one family to stay at the Ronald McDonald house for 9 days.

In total our tournament saw 144 registered golfers which included members, sponsors and our affiliates. We'd also like to send out a big thank you to our sponsors who helped make this day special. It is the continued support of these sponsors that help make our day stand out. A great big thank you also goes out to our coordinator, Greg Hartley. Greg's hard work

Thank you to all of our Sponsors!

Cyber Security

Most of what we do online falls into one of three categories: Talk, Shop and Play. There are risks associated with all these activities that our members should be aware of. This way you can take the necessary steps to protect yourself and your computers. Below is a compilation of Cyber Security risks and the tools you can use to help protect yourself. If any of the "Tools to use:" are unfamiliar to you, you can visit the Media Smarts link at The Energy CU website's "Connections" section for more information.

Risk	Description	Tools to use:
Cybersquatting	Scammers may register a Web address that looks like it belongs to a legitimate business, or one that can easily be typed by accident when navigating to a legitimate Web site.	Bookmarks, Content Filters
Cookies	Small files your Browser saves on your computer. They often include data like your login and password.	Browser and antivirus updates, Clearing browser cache, Privacy policies, Private browsing tools, Secure sites.
Data Theft	Your financial and personal data can be very valuable in the wrong hands.	Bookmarks, Browser and antivirus updates, Clearing browser cache, Creating strong pass words, E-mail encryption, Firewalls, Privacy policies, Privacy settings, Private browsing tools, Reporting online crime, Secure sites.
Griefing	Some people enjoy annoying other people on purpose and ruining experiences that should be fun.	Blocking other users, Contacting sites and ISPs, Content filters, Privacy settings, User/vendor rating systems
Identity Spoofing	It's easy to pretend to be someone else online. There are lots of fake Facebook profiles and Twitter accounts that pretend to be from someone they're not.	Blocking other users, Browser and antivirus updates, E-mail encryption, Firewalls, Managing reputation, Privacy policies, Privacy settings.
Identity Theft	Scammers can steal your online identity by getting access to your credit card or bank information or to other data you use to verify your identity.	Bookmarks, Browser and antivirus updates, Clearing browser cache, Firewalls, Privacy policies, Private browsing tools, Reporting online crime, Secure sites.
Malware	These programs — which may pretend to be something useful or install themselves by getting you to click a box — can hurt your computer or even take control of it.	Bookmarks, Browser and antivirus updates, Firewalls, Secure sites.
Online Fraud	It's easy to be taken in by people online who promise more than they intend to deliver. You can see a complete list of online frauds at http://www.rcmp-grc.gc.ca/scams-fraudes/index-eng.htm .	Bookmarks, Contacting sites and ISPs, Prepaid credit, Reporting online crime, Secure sites, User/vendor rating systems.
Phishing Scams	E-mails that try to get data from you by pretending to be from a bank or other business.	E-mail encryption, Reporting online crime.
Spyware	Malware that collects data from your computer. Some spyware records everything you type	Bookmarks, Browser and antivirus updates, Firewalls, Secure sites.
