## Money, Money, Money

With the current volatile market situation, it may be time to try for the returns without the risk! Why not try our Index-Linked Term Deposits? Your principal is protected and there is no cap on the amount of your possible return. If the markets do well, you do well. You will always get at least your principal investment back no matter how the markets perform. If you are feeling nervous about how your nest-egg could end up – call our offices at **416-542-2522** and speak with Sharon Joseph. She is our Deposit Portfolio Coordinator and she will be happy to answer any questions you may have.

## Survey Says!

## Not so far away...

Some of our members have found themselves recently relocated. We at TEUCU would like to remind our members that we want to make the move to a new job or new location as comfortable as possible. Keep in mind that although you may not have an actual branch at your new location, you always have a virtual branch at your disposal. Check online for a deposit location near you ( the Milner location of Toronto Hydro has an ATM in the Wal-Mart plaza next door!) or you can make those deposits via inter-office (for Hydro employees) or regular mail. You are not limited to branch hours and you can still call or email us with any questions, comments or concerns in the same way you used to stop in before! Give us a call and we can help you create a smooth transition to that new location. If you need new wheels for that longer commute, we've got financing. If you need an ATM card to make remote deposits or internet access for online banking please give us a call and we will make sure that you are taken care of.
